

## What We Do

Jasmine Grace Outreach helps individuals break free from drug addiction, sexual exploitation, and a hopeless way of life. *We are a dedicated team of survivors* and those in recovery who are available to help guide those who are ready and need our help. We offer addiction support and exit strategies, recovery groups, mentoring and coaching, and many paths to help bring awareness to all.

Our Recovery Support Groups empower women and help them “self-identify” as victims of this lifestyle and *start on their journey of self-discovery and healing*. Once they know they are no longer a victim and that they are, instead, survivors, the healing can begin. At this point, we are able to step up alongside them and mentor/support them as they journey through.

Many addicts and victims of sex trafficking are victims of unimaginable circumstances, and sometimes it just takes one decision to turn into years of heartache. Even though those choices cannot be undone, nobody deserves to suffer a lifetime of loneliness or fear. We are here to guide you and *walk alongside you step by step*. You are not alone.

### MENTORING & RECOVERY COACHING

We walk alongside our survivors and women as they exit the cycle of sex trafficking and exploitation, and we walk alongside those who have been out for some time and still need support as they journey deeper into the healing process.

We also have a Certified Recovery Coach to support the women that have substance misuse disorder as an added layer to their trauma.

### BAGS OF HOPE OUTREACH

BOH is our outreach ministry and one of our favorite and most important aspects of the work we do. It's also how YOU can connect and volunteer with us! We partner with over 30 programs in Massachusetts, New Hampshire, and Rhode Island to give out purple bags filled with basic hygiene items to vulnerable women. If you would like to host an event or donate items, let us know!

### PROVIDE EXIT SERVICES & SUPPORT

Often times many women who are trapped in cycles of sexual exploitation or trafficking feel alone and hopeless. We provide connections to local and national safe homes and recovery services so they can start the path to healing.

The Diary of Jasmine Grace was released January 2017 in Honor of Human Trafficking Awareness Month.
